Subject: **Landscaping works done in the garden in front of MEA hotel entrance.**

Dear Mr. Iounut,

We have inspected the landscaping works that were done in the garden in front of our MEA Hotel by M/s Golden Nail and the workmanship is satisfactory. However at this point in time we are unable to comment and confirm the development of the plants, hence it has to be assured that the contractor will replace any of these plants/grass that may dry or die before getting develop and established at no extra cost.

As confirmed by you, the restoration of the other garden in front of the hotel entrance at the corner and close to the main road will be subject to future road relocation done by the new contractor M/s ISG JV, for the same client, Q Rail. We will hence require that the said contractor restores that portion of the garden at the end of their work.

We take this opportunity to thank you for arranging for the restoration of the landscaping in affected area.

Yours sincerely

Mohamed Belal
